

As part of the Aptargroup, a global plastics manufacturing group, Seaquist Closures Löffler develops and produces innovative closures and dispensing systems for the personal care, household, and food & beverage markets.

To further support our dynamic growth as a market leader,  
**we are seeking to fill the following position for our location in Freyung:**

## **SAP CRM Business Analyst (m/f)**

### **Job Description:**

Through his/her technical knowledge/expertise, the successful applicant will support the business application of SAP CRM (Customer Relationship Management), delivering solutions that meet business requirements and provide a maintenance service.

### **Responsibilities:**

- SAP CRM functional/technical support following the relative guidelines, policies and procedures of Aptargroup to meet the user requirements.
- Provide service to the end-user that meets the internal service level agreement.

### **Education\Qualification:**

- Minimum of 1 year SAP CRM experience in a technical configuration.
- CRM business processes knowledge.
- Basic understanding of SD.

### **Others:**

- Ability to work effectively in a global team as well as independently.
- Good communication and interpersonal skills.
- Experience of integration with other SAP modules is a plus, in particular in SD.
- Basic understanding of BW/BI reporting is advantageous.
- ABAP knowledge is desirable.
- Smart forms tool knowledge.
- SAP technical classes in CRM and/or SD and/or other Sap R/3 modules will be considered as an advantage.

If we have aroused your interest, we would very much like to meet you and request you send us your résumé along with your salary expectations and the earliest possible date you could begin your employment with Aptargroup to:
